BMI HEALTHCARE GENERAL MEDICAL ADMISSIONS SERVICE

GENERAL MEDICAL ADMISSIONS AT BMI HEALTHCARE

General Medical Admissions at BMI Healthcare offer patients the care they require with a round the clock treatment and recovery service from a multidisciplinary team of medical specialists.

Care home residents can often experience difficulties accessing the right care at the right time. Improving the clinical input into a home and tailoring care around the diverse needs of individual residents can improve the quality of care and quality of life for residents. BMI Healthcare's General Medical Admissions Service has been designed to remove the worry and concern around getting the right clinical support needed for residents. A smooth admissions process supported by consultant led specialist care enables residents to have the peace of mind that should they need admission BMI Healthcare will be there for them.

FAST AND EFFICIENT ADMISSION PATHWAY

BENEFITS OF THE SERVICE

Medical care and treatment for a broad range of conditions and illnesses

24/7 direct access and an efficient admission process avoiding a multi-step admission via A&E

Consultant led service backed up by a dedicated nursing team providing high quality, personalised care

Private en-suite bedroom providing a comfortable and pleasant overnight stay

Access to onsite imaging and diagnostics. Some hospitals also offer high acuity and back up care

Your patient's consultant and clinical team will work with them to ensure they are ready for discharge

*We do not accept admissions for any person under the age of 18 years old. There are various medical conditions that we are unable to accept. A nurse will ask you questions over the phone to ensure it is suitable for your patient to be admitted into hospital.

BMI HEALTHCARE IS THE UK'S LARGEST PRIVATE HEALTHCARE PROVIDER

59

hospitals and treatment centres across the UK

1,600,000

outpatient visits per year

6,500+

Consultant specialists

c.9,000

employees¹

328,709

in-patient visits per year

⁺Denotes acceptable criteria for BMI The Clementine Churchill Hospital, BMI The Alexandra Hospital and BMI Ross Hall Hospital. This is not the extensive criteria list. Upon admission, the clinician will ask you relevant questions to ensure patient admission is appropriate/ we can accept your patient. ¹Based on the average headcount for both full time and part time contracted staff.

HIGH LEVELS OF CARE, QUALITY AND SATISFACTION

Based on 38,854 respondents rating very good or excellent August 2016

Based on 39,804 respondents rating very good or excellent July 2016

Based on 45,046 respondents extremely likely or likely to recommend friends and family to a BMI Healthcare hospital. Aug 2015 – Jul 2016

DEDICATED MEDICAL TEAM

Over 50 expert consultants support the General Medicine service at different BMI Healthcare hospitals across the country.

The consultants are supported by a team of medical nurses and other healthcare professionals such as Occupational Therapist, Dieticians, and Discharge Wound Care Nurses providing quality and personalised care.

PAYMENT OPTIONS

Private medical insurance

Most medical insurers recognise our service and are likely to cover medical care and treatment. However your patient must liaise with their insurer directly beforehand to ensure they are covered by their policy.

Patients can pay for themselves

We offer a pay for yourself package price which includes a daily fixed rate fee for accommodation and most medical care**. Knowing the price upfront means your patient won't have to worry about the financials and can focus on what's important, getting better.

** Our fixed price pay for yourself package includes accommodation, daily consultant visits, nursing care, low cost drugs and pathology, and access to some other healthcare professionals such as physiotherapists. The price does not include the initial consultant fee, imaging and diagnostics, high cost drugs and pathology, and consultations, care or treatment provided by other specialist consultants. For patients paying for themselves, we will ask for their credit card details upon admission to act as a holding deposit.

FIND YOUR LOCAL HOSPITAL
